By NELLZOK the book started off with apple being this quiet girl from the hood. Wanting to get out of poverty and trying to get the hustler cross. Ok the writer made it seem that kola was the bad twin and apple-the quiet reserved twin. Then the younger sisters got murder all because of a debt owed by apple's naveity. You would think after what happen to Nichols this fool would stay away from the same guy who did this.. No she actually started a relationship with said guy and had the gall to be jealous of her sister who I like much better than this fool. The book was good not an over the top novel, hated how apple character was portrayed and then what she became after. I find myself hating apple each and every page after she became so cold. The jealousy between twin was portrayed one sided and then when u finally read the book you realized that It was apple who was the jealous one not Kola. Hoping that kola would just take her out. Loved that kola was proven to be the Better twin and wiser twin. Hoping part two is more about kola and cross than stupid apple.

By Pretty JazzyI received this book Thursday And Were done Sunday only because Christmas was Friday and didn't have time to read lol. I could NOT put this book down! The more I read, it was getting Dead Real! Omg, I should have ordered the whole series together. But I wanted to make sure it was what it was despite the reviews and 5 star feedback. People can think differently and interested in something totally different! Now that I know how incredible this book is, I went ahead and order the rest! I can not wait until they gets here! Nisa, you did that!
